

GEI INDEX in ALBANIA

16 October 2019

- This year Albania will calculate Gender Equality Index for the first time
- This indicator will be on INSTAT's agenda and will serve policymakers as an important tool for monitoring gender equality in the country

- The preparatory work started on June 2019
- Training from EIGE took place in INSTAT during 1-2 July 2019
- INSTAT started the work for the GEI calculation based on the guidelines and following the EIGE methodology

Domain	2015	2016	2017	2018
Work	X			X
Money			X	X
Knowledge				X
Time	X	X		
Power		X		X
Health			X	X

Domain	Sub-domain	Indicator	Source	The reference year
