

Intimate Partner Violence and Witness Intervention: What are the deciding factors?

Methodology

Desk research

Qualitative research

Main results of the desk research

Protection measures for witnesses who report

Obligation to report by professionals

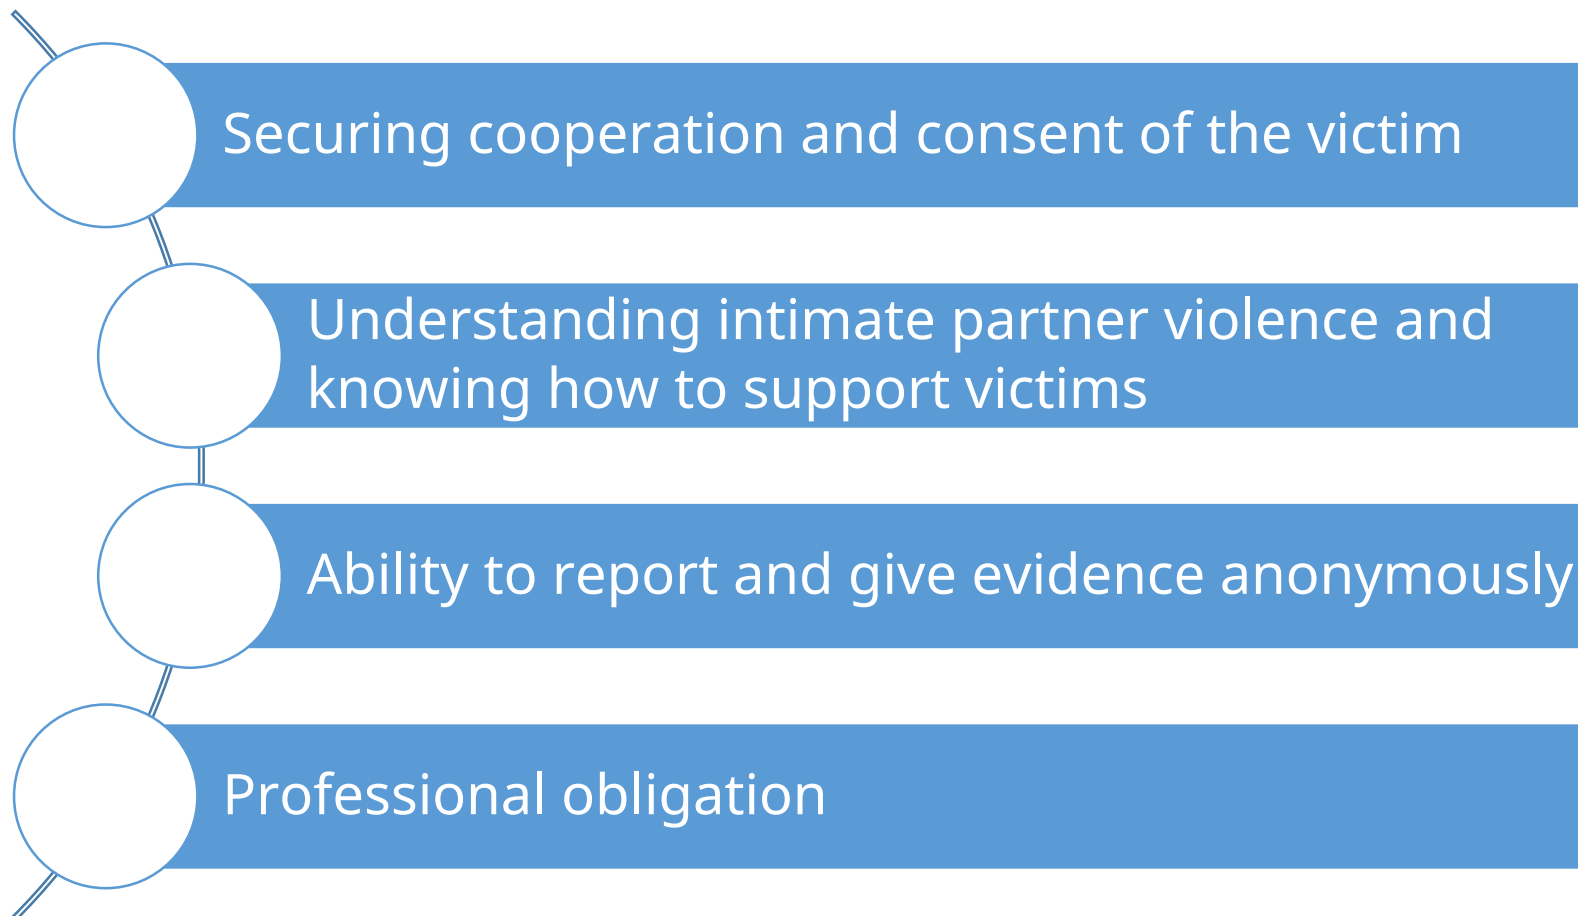

Environments where reporting occurs most often: friends and family, neighbourhoods and workplace

Need for more data !

Measures focused on the reporting process

Measures focused on raising awareness and changing behaviour

Factors that act as enablers

Factors that act as both enablers and barriers

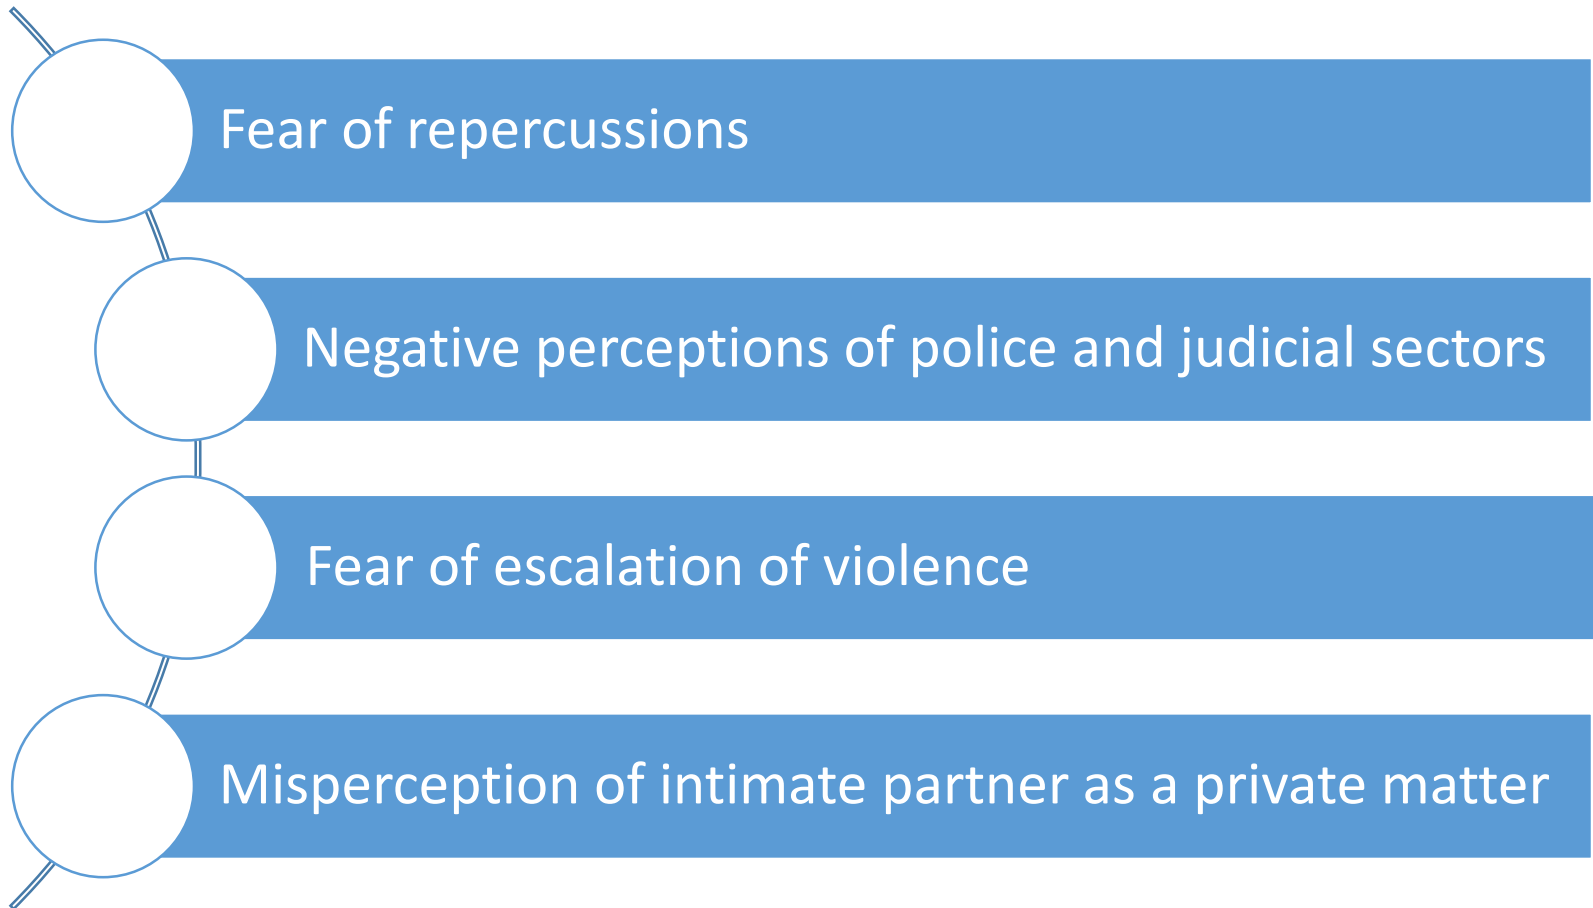

Involvement of dependent children

Severity or type of violence

Fear of escalation of violence

Factors that act as barriers

Recommendations for the EU and Member States

Raise awareness on intimate partner violence in all its forms

Encourage witnesses to act even when they are unsure about the situation, and provide advice on possible courses of action

Provide guidance on the obligation of professionals to report

Ensure sensitive handling of reports by authorities and strengthen protection for witnesses

Let's talk
